The Cersanit logo is located in the top left corner, featuring the brand name in white lowercase letters on a blue rectangular background. The background of the entire advertisement is a photograph of a modern bathroom. A white bathtub is the central focus, with decorative floral tiles on the wall behind it and on the side panel of the tub. The tiles are white with a pattern of brown and gold flowers. To the right, a window with white blinds is visible, and a modern, curved pendant light hangs from the ceiling. The floor is a light, neutral color. The overall aesthetic is clean and elegant.

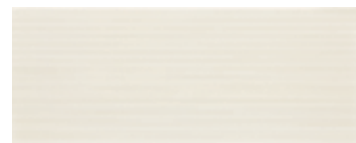

# ELECTA

Golden elegance

The Electa collection combines unique design with classic colours. The matt base tile is available in a beautiful colour set: white, beige and brown. Yet, its surface is not uniform – it features an interesting linear design.

However, it is the decoration that forms the most beautiful element of the collection. Inserta tiles with a floral motif are available in two designs: the first one is more subtle and features delicate flower shadows whereas the other one has more contrast, with brown flowers and a golden contour against a light background. Just a few decorative tiles are enough to give your bathroom an elegant touch.
